

## MENS HANDICAP SINGLES

Matches are played with the winner being the first person to reach 21 shots. The handicap is worked out so that the player receiving the shots will start on a score representing the difference between the 2 players handicaps. E.g. When Nick Griffiths (-2) plays John Powell (+2) then John will start on a score of 4 and Nick will start on 0. The winner is the first player to reach 21.
